

LASTIK PRODUCT LINE

Introducing the Lastik Stick & Stay Gel Product Line - Your Ultimate Flexible Builder Gel System.

Transform your nail enhancement services with Planet Nails' revolutionary Lastik Product Line - where innovation meets versatility. This cult-favorite line combines the flexibility of rubber base with the strength of builder gel, creating enhancements that truly stick and stay. Whether you're crafting structured manicures, perfecting overlays, or creating stunning nail art, Lastik's superior adhesion and adaptability make it an indispensable addition to every professional's toolkit.

The Lastik family now offers four distinct formulations, including our groundbreaking HEMA-FREE options, ensuring there's a perfect match for every client's needs and your application preferences. Each formula maintains our commitment to quality while delivering exceptional wear time and client satisfaction."

Product Variants Breakdown:

1. LASTIK - THE OG available in Clear, Nudes, pastels and shimmers.

- Viscosity: Thinner consistency
- Perfect for: • Soak-off overlays (BIAB/Structured Manicures) • Base coat for weak nails • Nail art applications • Gem adhesion
- Key Benefits: • Flexible 'rubber' base formula • Superior adhesion • Versatile application methods • 3+ weeks wear time

2. LASTIK PLUS - available in clear and nudes

- Viscosity: Thicker consistency
- Perfect for: • Clients needing harder enhancements • Structured manicures • Better option for clients who wear longer nails • Tip overlays and short sculptures (2mm)
- Key Benefits: • Superior scratch resistance • Self-levelling formula • Cures harder than standard Lastik

3. LASTIK HF - HEMA FREE available in clear and nudes

- Viscosity: Fast-building, thinner consistency
- Perfect for: • Base coat for weak nails • Quick BIAB applications • Natural nail overlays • Nail art applications • Gem adhesion
- Key Benefits: • HEMA and TPO free formula • No burning sensation • Self-levelling properties • Excellent for clients sensitive to HEMA

4. LASTIK HF PLUS - HEMA FREE available in clear and nudes

- Viscosity: Fast-building, Medium-thin consistency
- Perfect for: • Structured manicures • Harder enhancements • Better option for clients who wear longer nails • Tip overlays and short sculptures (2mm)
- Key Benefits: • HEMA and TPO free formula • Enhanced strength • Cures harder than Lastik HF • Perfect for quick apex creation
