

Planet Iconic Instructions

Did you know we have step by step videos on our Facebook page?

Watch our '6 steps to prep' as well as 'Iconic Playlist' videos for more info

1. Sanitise nails using The One Spray, push back the cuticles and buff the nails to remove all traces of shine.
2. Apply nail tips, cut and blend the tips or fit nail forms (optional step).
3. Apply PN Nail Prep to natural nail only. Wait for it to dry. (optional step)
4. Apply PN Sticky Bond sparingly to natural nail only.
5. Brush a coat of Lastik Stick & Stay Gel/Stick n Float Rubber Base over the nail avoiding the cuticle area and cure for 60sec.
6. Dispense a small amount of The One Spray into a clean dappen dish. Immerse PN Gel Brush in The One for 1-2 seconds. Wipe sides of brush on lip of dappen dish to remove excess liquid. Repeat step after immersing brush throughout service.
7. Squeeze a small amount of Planet Iconic Gel and cut it off with a Spatula, forming a medium ball. Apply the ball to the nail and start by pressing product from side to side, press it back to the cuticle area, leaving a small margin and down to the free edge area. Take your time to get the product into the shape and thickness you want. Cure for 60 secs.
8. Remove the tacky layer with The One Spray and a PN Lint Free Wipe.
9. Use a File to file the nail to an even & smooth finish and then buff the nails with a buffer to remove any scratches.
10. Wash hands thoroughly to remove oil and dust.
11. Apply The One Spray to a nail wipe and sanitise the nails.
12. For a super glossy finish and intense durability apply a coat of Planet Gel Polish Top Coat and cure for 60sec.
